Digital Library: Week 1

What is the project

• The Digital Library will be an application designed to give users a convenient and interactive way to manage their personal reading experience.

• Users will be able to create an account to manage their reading history

• Users will be able to log their books through search or ISBN scanner

• Users can get AI recommendations for new books
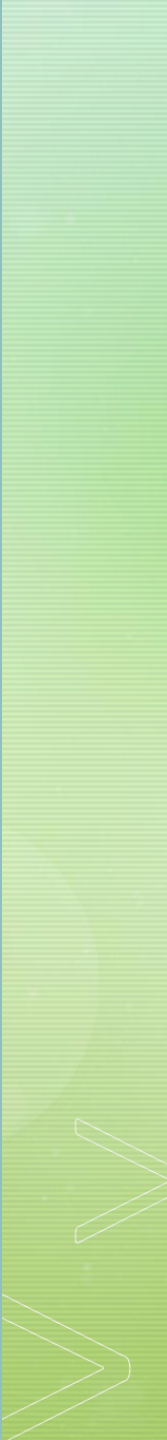

Gantt Chart
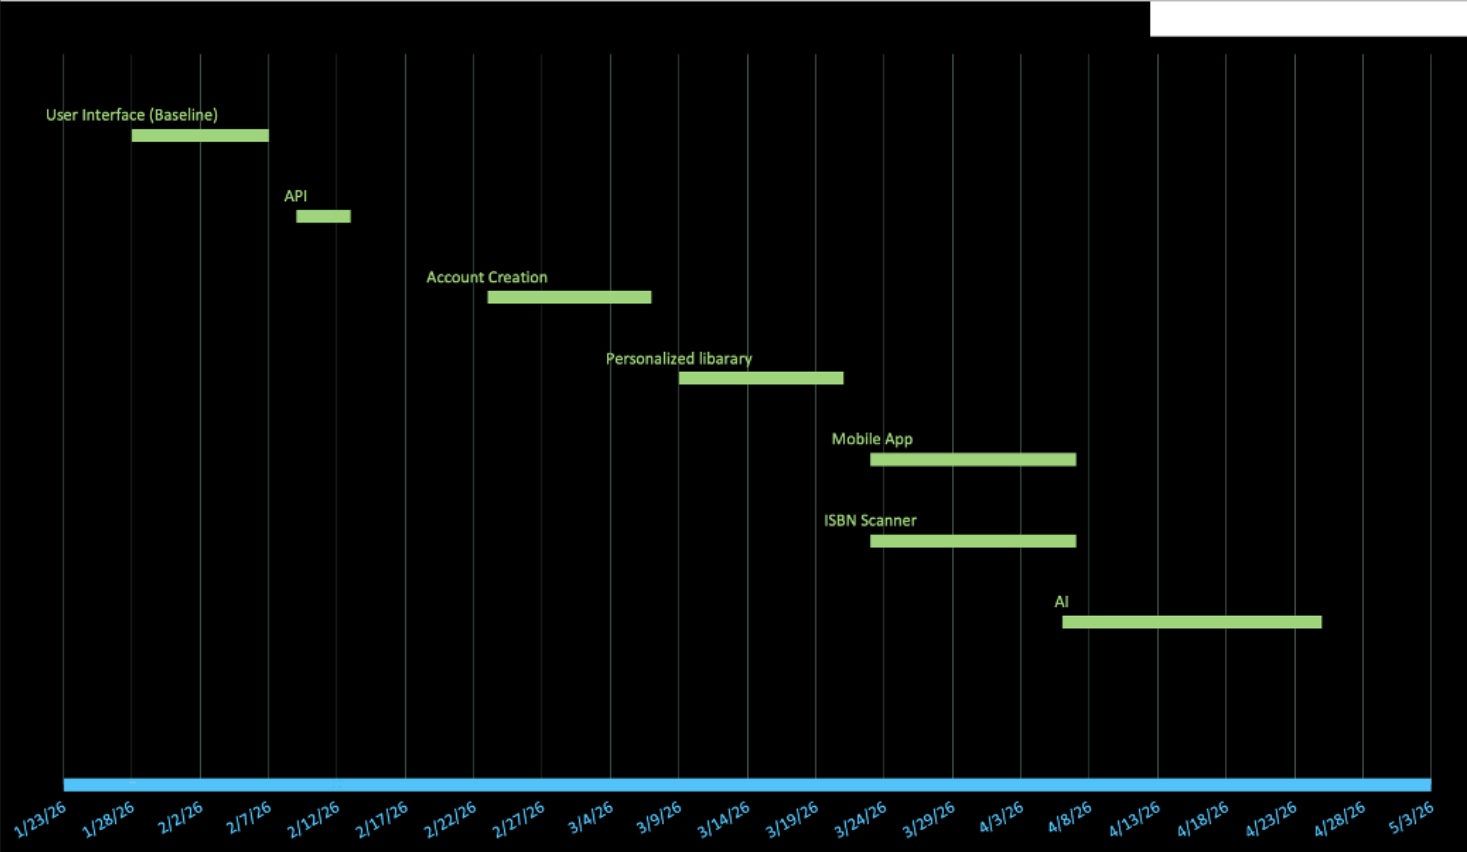

No.	Start Date	End Date	Task
1	1/28/26	2/6/26	User Interface (Baseline)
2	2/9/26	2/23/26	API
3	2/23/26	3/6/26	Account Creation
4	3/9/26	3/20/26	Personalized library
5	3/23/26	4/6/26	Mobile App
6	3/23/26	4/6/26	ISBN Scanner
7	4/6/26	4/24/26	AI

Status

- The group has completed the setup process for the development environment

- Work has begun on constructing the UI for the project

Challenges

- The unexpected price of the ISBN scanner

- The group members are on different operating systems which can cause problems with development

- The team is unfamiliar with Java script
